PROFESSIONAL EXPERIENCE

Junior Software Developer  
Asseco - South Eastern Europe

04/2022 - 06/2022

Novi Beograd

Achievements

- Collaborated with other developers in troubleshooting, debugging and upgrading existing software used in banks across country. Tools we used are Microsoft SQL and Pascal programming language.
- Offered precise solution for a software problem caused by the user who entered the same amount of money for transfer multiple times.
- Learned how to produce clean, efficient code based on specifications provided and how to create technical documentation for reference and reporting.
